## About Gatwick

Gatwick has the busiest single lane airport runway in the world and is the second busiest airport in the UK. The airport was opened in 1958 and is used by 92 airlines flying to 248 destinations. Over 30 million passengers pass through Gatwick each year.

Gatwick is only 30 minutes from London via the Gatwick Express rail link. The airport is easily reached by road, just off the M23 at junction 9. It is around a 2 hour drive from Bristol and around 1.5 hours from Southampton and Cambridge. The airport has two terminals, Gatwick North and Gatwick South.

Each terminal has a number of food and shopping outlets. Cash dispensers are also available as are Bureaux de Change services where you can purchase currency, international phone cards and travel insurance. These are available before and after security control.

A great new facility for all passengers travelling within the EU has been introduced by BAA the owners of Gatwick airport. It is called the Shopping Collection service. This allows you to make purchases at the duty free shops and then leave your goods until you collect them on your return at the International Arrivals Hall in the UK. There was no charge for this service at the time of publication.

## Airport Parking at Gatwick

There is a large choice of parking options available as you would expect at such a busy airport. On and Off airport parking along with Meet and Greet services are provided by a number of car park operators.

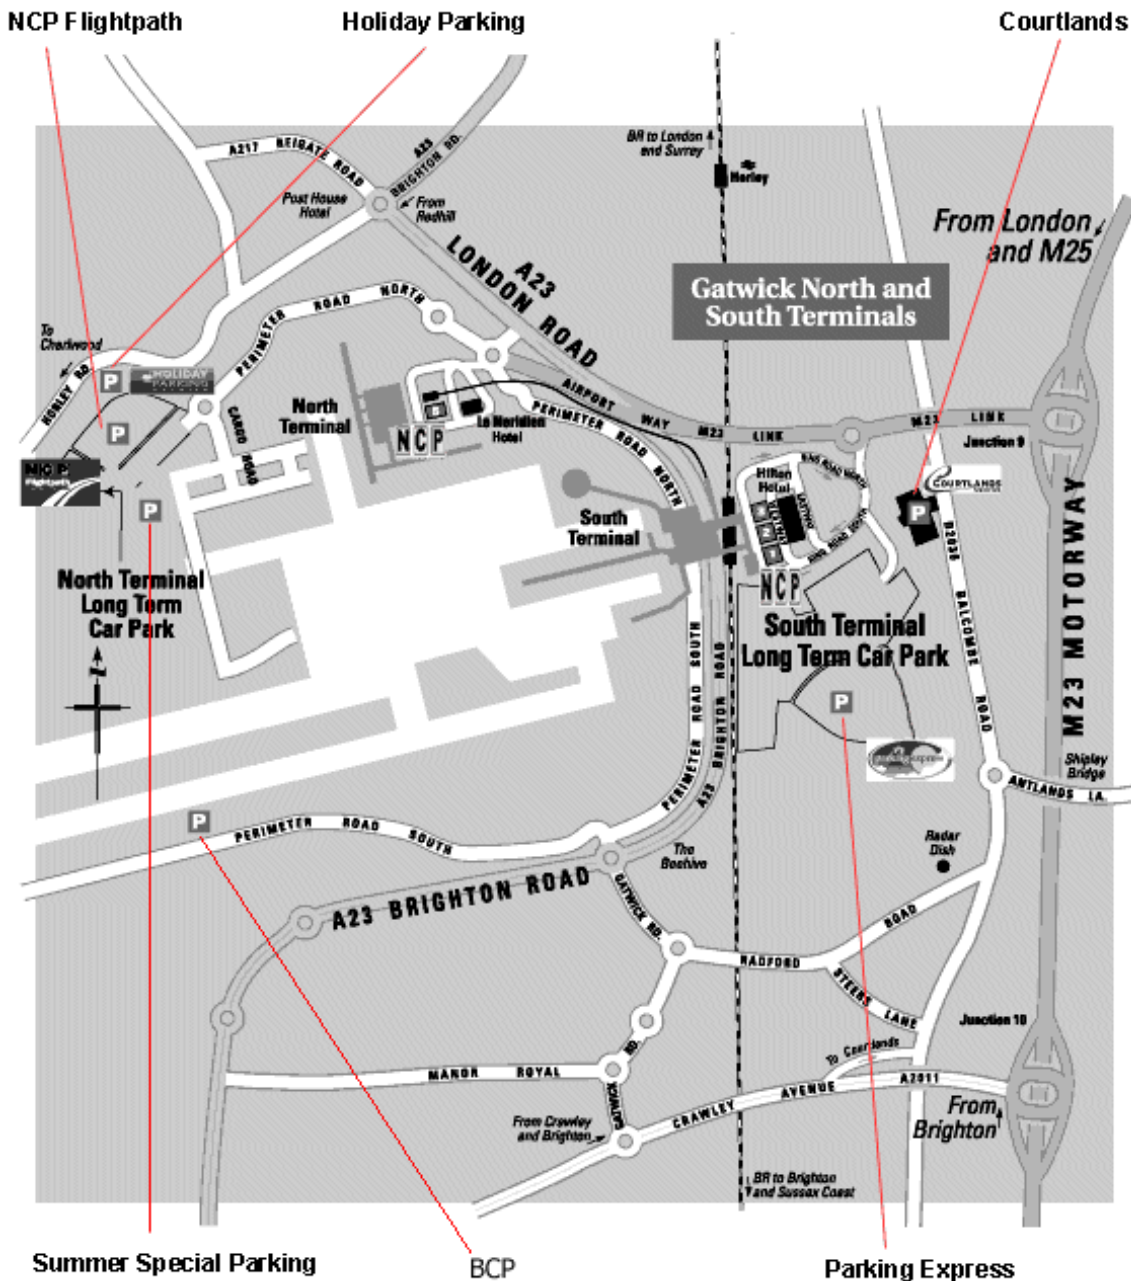

All off airport car parks are within a 15 minute transfer to the airport terminal via the free courtesy coaches. On airport car parks are within a 5 to 10 minute transfer time.

The Meet and Greet option is for those requiring the most convenient service of just turning up at the terminal and allowing a representative of the car park operator to park your car for you. You can then proceed direct to the terminal check in desk.

Whatever option you decide upon you can check availability and book online at the Airport Parking Guide. Using the guide website ensures that you access the best available online prices.

## Driving to Gatwick Airport

Driving to Gatwick airport is fairly easy. Coming from the south, take exit 10 off the M23 motorway. Travelling from the north take exit 9 off the M23. The airport terminals and car parks are well sign posted.

It may well be worth checking the following Highways Agency websites before you set out to the airport to check on the **traffic updates** for your route. The TrafficMap site has real time traffic information, whereas the highways website has a future traffic, forecaster service.

**Highways Agency** - <http://www.highways.gov.uk/trafficinfo/> or <http://www.trafficmap.co.uk/>

Many cars now have RDS radios fitted. These radios are able to automatically receive local travel updates while on the road. These updates are available on the FM frequency. To ensure that you receive these updates make sure that your radio has the TA, TP or TI switched on. These are abbreviations for the travel announcement feature on various radios.

When heading for the M23 area the **local radio stations** to tune into are **Wave 105** (105.2 Solent), (105.8 Poole) and **Vibe FM** 107.7 (Peterborough), 105.6 (Cambridgeshire), 106.1 (Norfolk) and 106.4 (Suffolk).

## **Gatwick Airport - General Information**

### **Checking In**

Please check your airline ticket or contact your airline for advice on check-in times. As a general guide:

International flights - allow a minimum of 3 hours prior to departure. Certain airlines recommend 3.5 hours.

European flights - allow a minimum of 2 hours prior to departure.

Domestic flights - allow a minimum of 1 hour prior to departure.

### **Baggage Allowances**

The current maximum weight of an individual bag is limited to 32kg (70lbs) or less.

If your bag weighs more than this, you will be asked to repack your luggage into smaller bags. This does not affect your overall baggage allowance which is determined by your airline. Please check your allowances and the weight of your individual bags before you leave for the airport - this will save you time and any inconvenience.

### **Do not pack any of the following in your hand luggage**

- Toy/replica guns (any material)
- Catapults
- Household cutlery
- Knives with blades of any length
- Razor blades
- Tools
- Darts
- Scissors
- Hypodermic needles (unless required for medical reasons)
- Knitting needles
- Sporting bats
- Billiard, snooker or pool cues
- Corkscrews

### **Internet cafes**

The Internet Exchange is located in the South Terminal. It is open 24 hours and has dedicated pc terminals in a cafe environment offering internet access, Microsoft 2000, email, gaming facilities and computer training.

### **Telephone and Fax**

Public coin-box, phone-card and credit card telephones are available in the main areas of each terminal. There are also wall-mounted pay fax machines.

### **Passengers with Special Needs**

There are special needs help points available throughout the terminal. Induction loops are available where there are signs showing the 'sympathetic ear' symbol. Guide and hearing dogs are allowed in the terminal building.

There are also special needs toilets provided throughout the terminal buildings and reserved seating areas for those with special needs in both terminals.

### **Terminal Transfers**

Transferring between terminals is very easy and takes around 10 minutes using the dedicated transit train which departs every 3 - 6 minutes and the journey time is approximately 3 minutes.

This is a 24 hour service and is provided at no cost.

**Remember - Do not leave your baggage unattended at any time!**
