About Heathrow

Heathrow is the world's busiest international airport and is regarded as the hub of the aviation world. More than 90 airlines have made Heathrow their base. The airport has four terminals in operation handling over 63 million passengers a year on their way to around 170 destinations.

The airport has two main runways and a cross wind runway. It is well served by transport systems that allow connections with central London and the rest of the UK via the motorway and train networks.

Heathrow officially opened in 1946, but the site's aviation history really began in the First World War. The army used nearby Hounslow Heath as a training aerodrome for the Royal Flying Corps and remained a military airfield until 1919. After one year of operation, serving only 18 destinations, Heathrow had handled around 60,000 passengers and over 2,000 tons of cargo through around 9,000 operations. After the Second World War, a plan was developed for terminals and an Air Traffic Control tower. Construction began in 1951.

Following one of the longest public inquiries in British planning history, a total of three years and 10 months, the government gave approval for BAA to build a fifth terminal at Heathrow on 20th November 2001. Construction on the site, which is situated within the airport's existing boundary, started in 2002. Construction is planned to finish in 2011. Terminal 5 will have the capacity to handle around 30 million passengers per year.

Airport Parking at Heathrow

As you would expect at Heathrow airport we cover a choice of convenient off airport car parks, on airport car parks and a number of meet and greet service options. Off airport parking provides a good balance between convenience and price with regular free transfers from and back to, the car parks.

On airport parking is generally more convenient but you will pay slightly more. Meet and Greet parking is the ultimate in convenience as a personal attendant will park your car and have it ready for you on return.

Driving to Heathrow Airport

It may well be worth checking the following Highways Agency websites before you set out to the airport to check on the **traffic updates** for your route. The TrafficMap site has real time traffic information, whereas the highways website has a future traffic, forecaster service.

Highways Agency - <http://www.highways.gov.uk/trafficinfo/> or <http://www.trafficmap.co.uk/>

Many cars now have RDS radios fitted. These radios are able to automatically receive local travel updates while on the road. These updates are available on the FM frequency. To ensure that you receive these updates make sure that your radio has the TA, TP or TI switched on. These are abbreviations for the travel announcement feature on various radios.

Head along the M4 for around 8 miles until you take exit 4 for Heathrow.

The airport terminal is around 2 miles from the M4.

Arrive at Heathrow airport : approximately 40 minutes (heavily dependent on traffic build up)

From the West

Head east along the M4 towards London for around 95 miles until you turn off at exit 4.

Follow the signs for your desired departure terminal or chosen car park.

The terminal buildings are approximately 2 miles off exit 4.

Arrive at the airport : Drive from Bristol takes approximately 1 hour, 40 minutes.

Driving to Heathrow Airport

From The North

Take the M1 east until you turn off at exit 6A, heading for the M25 west.
Travel along the M25 for around 19 miles until you turn off at exit 15 for the M4 east.
Turn off at the M4 exit 4 and follow the signs to your desired departure terminal.

Arrive at Heathrow International

Drive from Northampton takes approximately 1 hour 10 minutes.

Heathrow Airport - General Information

Checking In

Please check your airline ticket or contact your airline for advice on check-in times.

As a general guide:

International flights - minimum 3 hours prior to departure. EL AL passengers should allow 3.5 hours.

European flights - minimum 2 hours prior to departure.

Domestic flights - minimum 1 hour prior to departure.

Airlines have been directed by the British Government to ask passengers specific questions about their luggage when they check-in. Depending on which airline you are flying with, and to which destination, you may be asked more detailed questions.

Baggage Allowances

From 1 June 2004, the maximum weight of an individual bag was limited to 32kg (70lbs) or less. You will be asked to repack your bag into smaller bags if it weighs more than this. This limit applies to individual bags and does not affect your overall baggage allowance, determined by your airline. It is a good idea to try and check your baggage weights before you leave for the airport as this will save you time at the check in desk.

Do not pack any of the following in your hand luggage

Billiard, snooker or pool cues
Catapults
Corkscrews
Darts
Household cutlery
Hypodermic needles (unless required for medical reasons)
Knitting needles
Knives with blades of any length
Razor blades
Scissors
Sporting bats
Tools
Toy/replica guns (any material)

Internet cafes

You can now enjoy the freedom of working wire-free throughout the airport with wireless broadband internet access options from BT Openzone and T-Mobile.

Telephone and Fax

Public telephones are readily available in the main areas of each passenger terminal. Telephones for the use of disabled passengers and for the hard of hearing with text keyboards are available in each terminal. Wall-mounted pay fax machines that take credit cards are also available.

Heathrow Airport - General Information

Unaccompanied children

Please contact your airline for guidelines and advice, if children are traveling unaccompanied by an adult.

Heathrow Health Centre

Located on the ground floor of the Queens Building between Terminal 1 and 2, the Heathrow Health Centre is staffed by qualified nurses offering basic treatment services. The opening hours are 06:00 to 22:00
For further information please call 020 8745 7047 (UK) or +44 (0)20 8745 7047 (International)

Chemist

Boots the Chemist in Terminal 1 is the only chemist that dispenses prescriptions. There is a chemist located before and after security. If you require medicines please contact them in advance to check your medication is available. For more information telephone 0870 000 1 000 (UK) or +44(0)121 410 5105 from outside the UK.

Passengers with Special Needs

If you have a special need here are some suggestions to help your trip go more smoothly. Check on the different arrangements offered by the airlines and whether these are included in the price of your tickets. Telephone numbers for the airlines are provided in the guide. Notify the airlines of your needs in plenty of time and check the airlines policy for wheelchair travel between check-in and departure gate.

Some departure gates are located a long way from the check-in area and you may need assistance with the transfer if you have trouble with distance walking. For enquiries telephone the call centre on 0870 0000123 or +44 (0)20 8745 7950 for the Heathrow call centre minicom.

If you need further help or advice concerning your travel arrangements you could call Heathrow Travel-care. They are an airport-based charity that can be contacted on +44 (0)208 745 7495. (The minicom number is for use by hard of hearing customers only).

The Business Centre

The Business Centre located in the Queens Building between Terminals 1 and 2 is operated by Travelex. Facilities available include showers, meeting rooms, refreshments and conference seating for up to 60 people theatre style.

The usual business support facilities are provided including access to computer workstations, fax machines, photocopying, internet, audio and video conferencing and email. You can purchase individual membership for free access to the Centre's business lounge, along with discounts for meeting room hire, complimentary use of the shower facilities and reductions off a selection of presentation equipment.

Information Desks

The BAA operated information desk is located on the Terminal 1 arrivals concourse and is open from 06:30-23:00 daily.

Travel and Tourist Information

There are transport information desks at Terminals 1 and 3 and a bus and coach information desk outside Terminal 4 Arrivals. Leaflets with advice on transport and other tourist information are readily available at information points throughout the terminals.

Showers

Showers are available before security control in Terminal 1. The showers for Terminal 4 are located on the arrivals area before security control. There are also further shower facilities at the Flight Connections Centre.

Remember - Do not leave your baggage unattended at any time!
